

**Galambila has made the decision
to be a registered practice for
MyMedicare.**

This means you can choose to
nominate our practice, and your
regular GP, as your primary health
care provider.

This is a voluntary registration and
the quality of care that we provide to
you will not change if you choose not
to register.

MyMedicare is designed to promote
continuity of care for our clients and
establish a stronger relationship with
your healthcare providers.

If you choose to nominate our
practice and your regular GP as your
preferred provider, there will be
benefits that Medicare will roll out
over time to improve access and
promote a higher quality of care.

**What is
MyMedicare?**

Galambila Aboriginal Health
Service is registered for
MyMedicare!

Now you can register too!

my **medicare**

What is MyMedicare?

MyMedicare is a new voluntary patient registration initiative by the Federal Government, aimed at strengthening the relationship between you, your general practice, general practitioner (GP) and primary care team.

Why you should register for MyMedicare

Access more support from the providers you trust.

Strengthen the relationship between you and your primary care team by registering for MyMedicare with Galambila Aboriginal Health Service.

Benefits of registering for MyMedicare with Galambila include:

Supports us to provide preventive care and early treatment allowing our clients to stay active and healthier in the community for longer.

Promotes having an established relationship with Galambila and your regular GP for seamless, integrated, and continuous care; and where your needs are understood and prioritised.

Reduces division of care caused by multiple service providers.

Funds longer telehealth appointments that will benefit people with disabilities or mobility issues that find it difficult to get to face-to-face appointments.

Supports the delivery of quality and continuous care to residents in aged care facilities.

Our clients deserve to have their regular GP know their history.

How to register for MyMedicare

Via Medicare App

- Log into the Medicare App
- Navigate to 'MyMedicare' under services
- Select 'Start'
- Search for Galambila
- Select your regular GP
- Review and submit
